History Of Pop Art

Pop Art - Steven Henry Madoff 1997 Presents an anthology of 94 critical articles on the American pop art phenomenon, including information on such pop artists as Warhol, Lichtenstein, Oldenburg, and Rosenquist.

Pop Art - Steven Henry Madoff 1997-11-15 Presents an anthology of 94 critical articles on the American pop art phenomenon, including information on such pop artists as Warhol, Lichtenstein, Oldenburg, and Rosenquist.

Pop Art - Alastair Sooke 2015-08-27 Pop Art by the BBC's Alastair Sooke - an essential but snappy new guide to our favourite art movement Pop Art is the most important 20th-century art movement. It brought Modernism to the masses, making art sexy and fun with coke cans and comics. Today, in our age of selfies and social networking, we are still living in a world defined by Pop. Full of brand new interviews and research, Sooke describes the great works by Warhol, Lichtenstein and other key figures, but also re-examines the movement for the 21st century and asks if it is still art? He reveals a global story, tracing Pop's surprising origins in 19th-century Paris to uncovering the forgotten female artists of the 1960s.

Pop Art - Marco Livingstone 2000 This comprehensive and critical history of pop art charts its international development, and describes and illustrates the work of over 130 artists, including Andy Warhol, Jasper Johns, Peter Blake, Claes Oldenburg, and Roy Lichtenstein.

Tate Movements in Modern Art - David McCarthy 2006-01-18
Examines the development of pop art from its roots to its rise in popularity, and discusses how it was once considered outside the limits of art but is now celebrated in the Western world.

James Rosenquist-Michael Lobel 2009 "This is the social history of art at its best."--Alex Potts, author of The Sculptural Imagination: Figurative, Modernist, Minimalist "James Rosenquist: Pop Art, Politics, and History in the 1960s provides a new perspective on the work of Rosenquist, a key but neglected artist of the Pop Art movement. Michael Lobel, who bases his study on detailed contextual research as well as close visual analysis, highlights the themes of obsolescence, novelty, and ephemera in Rosenquist's images and effectively relates the artist's interests to broader questions of consumer culture and urban planning in 1960s New York. Clearly written and thoroughly engaging, this book makes a significant contribution to our understanding of the artist and of Pop Art."--Cécile Whiting, author of Pop L.A.

Pop Art-Princeton University. Art Museum 2007 Roy Lichtenstein, Andy Warhol, Claes Oldenburg, Tom Wesselmann, Robert Indiana, and Alex Katz have all come to define the revelatory and controversial pop art movement that emerged in America in the 1960s. This text focuses on 40 understudied works by these influential artists in the collection of the Princeton University Art Museum.

Pop Art-Klaus Honnef 2004 Originating in England in the mid 1950s, Pop Art developed its full potential in the USA in the 1960s. It substitutes the everyday for the splendid; mass-produced articles are assigned the same importance as one-offs; the difference between high culture and popular culture is swept away. Media and advertising are among the preferred contents of Pop Art, which celebrates the consumer society in its own witty fashion. The enthusiasm generated by Pop Art since the first works were exhibited has never died down -- it is greater today than ever before. Book jacket.

Pop Art and the Origins of Post-modernism-Sylvia Harrison 2001
The techniques utilized, however, varied: the Americans generally used a more reductive method, arriving at a centralized iconic image, while the British preferred an episodic approach that generated an implied narrative. As the essays in this book make clear, Pop Art promoted no specific agenda beyond the investigation of the prevailing American environment."--BOOK JACKET.

Pop Life-Jack Bankowsky 2009 "This book examines the legacy of Pop art and its most celebrated exponent in the lives and work of succeeding generations of artists." --Book Jacket.

The World Goes Pop-Elsa Coustou 2015-01-01 A global survey of Pop art that reassesses its roots, impact, and legacy This groundbreaking book surveys the concurrent engagements with the spirit of Pop throughout the world, from the frequently studied activity in the United States, England, and France to less well-known developments in Central and Eastern Europe, Latin America, Asia, Africa, and the Middle East. One of the first publications to examine Pop art with this global scope, The World Goes Pop explores the wide-ranging movements that developed on different continents, such as Nouveau Réalisme, Neo Dada, New Figuration, and Spiritual Pop. This unique presentation offers the opportunity to compare how Pop art around the world differed due to geography, local traditions, and different cultures' social and political underpinnings. Fascinating essays touch upon key themes that factored into various Pop movements, including feminism, political representation, sexual politics, and seriality. A bold design and 200 striking illustrations showcase pieces by more than 60 artists, many of whose works have never been exhibited outside their home nations. The book also features a combined interview with a number of the living artists featured within, giving important insight into the thoughts and processes of Pop's international practitioners.

The First Pop Age-Hal Foster 2014-02-23 Who branded painting in the Pop age more brazenly than Richard Hamilton, Roy
Lichtenstein, Andy Warhol, Gerhard Richter, and Ed Ruscha? And who probed the Pop revolution in image and identity more intensely than they? This book presents an interpretation of Pop art through the work of these Pop Five.

Pop Art-Royal Academy of Arts (Great Britain) 1991

Pop Art-Gary Van Wyk 2013 When it emerged in the 1950s, the Pop Art movement presented a challenge to fine art with its incorporation of images from television, newspapers, and advertising. Over time, Pop Art developed into one of the most influential movements of the 20th century and many of its works have achieved iconic status. This introduction to Pop Art focuses on 50 of the movement's most important works, and covers every major artist of the style - from Marcel Duchamp to George Segal.

Pop Art and Design-Anne Massey 2017-11-30 This book offers the first in-depth analysis of the relationship between art and design, which led to the creation of 'pop'. Challenging accepted boundaries and definitions, the authors seek out various commonalities and points of connection between these two exciting areas. Confronting the all-pervasive 'high art / low culture' divide, Pop Art and Design brings a fresh understanding of visual culture during the vibrant 1950s and 60s. This was an era when commercial art became graphic design, illustration was superseded by photography and high fashion became street fashion, all against the backdrop of a rapidly-evolving economic and political landscape, a glamorous youth scene and an effervescent popular culture. The book's central argument is that pop art relied on and drew inspiration from pop design, and vice versa. Massey and Seago assert that this relationship was articulated through the artwork, design, publications and exhibitions of a network of key practitioners. Pop Art and Design provides a case study in the broader inter-relationship between art and design, and constitutes the first interdisciplinary publication on the subject.

Pop Art Portraits-Paul Moorhouse 2007 Conceived as a visual
dialogue between American and British pop, this book brings together key works by major pop artists working on both sides of the Atlantic in the 1950s and 1960s.

Pop Art and Popular Music-Melissa L. Mednicov 2018-06-14 This book offers an innovative and interdisciplinary approach to Pop art scholarship through a recuperation of popular music into art historical understandings of the movement. Jukebox modernism is a procedure by which Pop artists used popular music within their works to disrupt decorous modernism during the sixties. Artists, including Peter Blake, Pauline Boty, James Rosenquist, and Andy Warhol, respond to popular music for reasons such as its emotional connectivity, issues of fandom and identity, and the pleasures and problems of looking and listening to an artwork. When we both look at and listen to Pop art, essential aspects of Pop’s history that have been neglected—its sounds, its women, its queerness, and its black subjects—come into focus.

Pop! The World of Pop Art-John Finlay 2016-03 Pop art is one of the most pivotal movements in modern art. It challenged the conventional idea of fine art and recognised the pervasive nature of materialism and consumerism that had taken over 20th century society. This beautifully illustrated book explores Pop art's origins in modern European avant-garde movements such as Cubism and Dadaism, prior to its true beginnings in early 1950's London with the Independent Group and their fascination with American popular culture - leading to the name "Pop". Guiding the reader through the work of some of the most well-known practitioners, such as Warhol and Lichtenstein, this compelling book also travels the world to examine how Pop art influenced artists as far afield as Italy, Spain, Finland, Japan, Australia and New Zealand. Key figures include Japan's Yayoi Kusama and Italy's Mimmo Rotella. 'Pop! The world of pop art' explains how - and why - this movement appealed to so many diverse artists on so many levels, including often overlooked female artists who were central to the Pop art scene. Finally, 'Pop!' considers the influence of Pop art on
other genres, in particular as the precursor to post-modernism and contemporary forms of art. With 15 faithfully reproduced documents, including items from the studios of a number of artists, 'Pop! The world of pop art' gives a unique insight into this celebrated movement.

American Pop Art in France-Liam Considine 2019-11-18 Pop art was essential to the Americanization of global art in the 1960s, yet it engendered resistance and adaptation abroad in equal measure, especially in Paris. From the end of the Algerian War of Independence and the opening of Ileana Sonnabend’s gallery for American Pop art in Paris in 1962, to the silkscreen poster workshops of May ‘68, this book examines critical adaptations of Pop motifs and pictorial devices across French painting, graphic design, cinema and protest aesthetics. Liam Considine argues that the transatlantic dispersion of Pop art gave rise to a new politics of the image that challenged Americanization and prefigured the critiques and contradictions of May ‘68.

Ray Harryhausen: Titan of Cinema-Vanessa Harryhausen 2020-10-12 100 objects selected by the animator Ray Harryhausen's daughter - packed with personal stories that have never previously been heard or publishedA fascinating examination of the work of the pioneer of the special effects that we see in modern cinemaContributions from experts in the field and in conjunction with the Ray and Diana Harryhausen FoundationA broad readership drawn from those who appreciate art, film, science fiction and fantasyTells the story of the man who changed the face of modern cinema - the pioneer of stop-motion animationSteven Speilberg and Tom Hanks are among his legion of fansEntries often include earlier versions of finished models and sketches of scenes that illustrate how Harryhausen worked and developed his modelsAccompanies a major exhibition at the National Galleries of Scotland from October 2020 Special effects superstar Ray Harryhausen elevated stop-motion animation to an art during the 1950s to 1980s. With material drawn from his
incredible archive, his daughter, Vanessa, selects 100 creatures and objects that meant the most to her as she watched her father make world-famous films that changed the course of cinema. The book includes many newly restored works and items that have never previously been seen. In addition to Vanessa's reflections, many of those who worked with Harryhausen or were inspired by him add their own memories and comments. Ray Harryhausen's work included the films Jason and the Argonauts, the Sinbad films of the '50s and '70s, One Million Years B.C and Mighty Joe Young, and a wider portfolio including children's fairy tales and commercials. He also inspired a generation of film-makers such as Peter Jackson, Tim Burton, George Lucas, and Steven Spielberg, and his influence on blockbuster cinema can be felt to this day. 2020 will be the 100th anniversary of his birth.

Image Duplicator-Michael Lobel 2002-03-11

Roy Lichtenstein and the emergence of pop art.

The Meaning and Purpose of Pop Art In Light of the Works of Andy Warhol and Roy Lichtenstein-Sandra Kuberski 2014-12-15

Essay from the year 2012 in the subject Art - History of Art, grade: 1,7, University of Essex (Art History), course: Art in the USA, language: English, abstract: The classic period of Pop art can be set from 1956 to 1968, although it was never an organized movement or a single group of artists. Pop art drew on imagery from popular culture, for example advertising or comics and emerged in the urban landscape of London and New York City. It never existed without harsh criticism; in fact it was always despised by the critics, but loved by the popular masses. This essay is going to examine the meaning and purpose of Pop art in light of the critical quotation presented above. The observations made will be clarified on the basis of the works of Andy Warhol (1928-1987) and Roy Lichtenstein (1923-1997), two of the main representatives of American Pop art.

Andy Warhol-Susan Goldman Rubin 2006-11

Presents the life and career of the American artist, from his early work as a fashion
illustrator to his iconic status as one of the leading painters of the Pop Art movement.
The Pop Object-John Wilmerding 2013 Surveys works of pop art from artists including Andy Warhol, Roy Lichtenstein, Wayne Thiebaud, and Claes Oldenburg.
Instant Art History-Walter Robinson 1995 Presents the history of art, from prehistoric times to the present day.
Who is Andy Warhol?-British Film Institute. African & Caribbean Unit 1997 No Marketing Blurb
British Pop Art and Postmodernism-Justyna St?pie? 2015
A History of Art History-Christopher S. Wood 2021-03-02 An authoritative history of art history from its medieval origins to its modern predicaments In this authoritative book, the first of its kind in English, Christopher S. Wood tracks the evolution of the historical study of art from the late middle ages through the rise of the modern scholarly discipline of art history. Synthesizing and assessing a vast array of writings, episodes, and personalities, this original and accessible account of the development of art-historical thinking will appeal to readers both inside and outside the discipline. Combining erudition with clarity, this book makes a landmark contribution to the understanding of art history.
Pop Art-Flavia Frigeri 2018-08 This new installment in the Art Essentials series is an indispensable guide for anyone fascinated by the pop art movement.
Hands-on Culture of Ancient Egypt-Kate O'Halloran 1997 Six different world cultures are the focus of Hands-On Culture: Japan, Mexico and Central America, Southeast Asia, West Africa, Ancient Egypt, and Ancient Greece and Rome. These colorful volumes examine each culture's art, science, history, geography, and language and literature. differences among peoples. Topics in this volume include:

Egyptian religion: hundreds of gods
Hieroglyphics: picture writing
Playing games
Drama: the Festival of Osiris
Making a mummy
See other Hands-on Culture titles

Modern Art-Hans Werner Holzwarth 2016
Over 200 paintings, sculptures, photographs, and conceptual pieces trace the story of modern art's innovation and adventure. With explanatory texts for each work, and essays introducing each of the major modern movements, this is an authoritative overview of the ideas and the artworks that shook up standards, assaulted the establishment, and...

Roy Lichtenstein-Alastair Sooke 2013-02-01
A Penguin Special on Roy Lichtenstein by Alastair Sooke - read in 2 hours or less 'Why, Brad darling, this painting is a masterpiece! My, soon you'll have all of New York clamoring for your work!' Roy Lichtenstein - architect of Pop art, connoisseur of the comic strip, master of irony and prophet of popular culture. From exhilarating images of ice-cool jet pilots in dog fights, to blue-haired Barbie dolls drowning in scenes of domestic heartache, Lichtenstein's instantly recognisable paintings, with their Ben-Day dots and witty one-liners, defined the art of a generation. But how did a jobbing, unassuming painter of the Fifties become a world-famous Pop artist whose work today sells for millions? What do his paintings really tell us? And what is his legacy? This book, by art critic and broadcaster Alastair Sooke, is a perfect introduction to the artist and his work. Spanning Lichtenstein's career, and explaining his unique style, it is a journey through the life of one of the twentieth century's greatest artists. Published in time for a major new retrospective of the work of Roy Lichtenstein. 'Sooke is an immensely engaging character. He has none of the weighty self-regard that often afflicts art experts and critics; rather he approaches his subjects with a questioning, open, exploratory attitude' Sarah Vine, The Times 'His shows are excellent - clever, lively, scholarly, but not too lecturey; he's very good at linking his
painters with the world outside the studio, and at how these artists have affected the world today' Sam Wollaston reviewing 'Modern Masters', Guardian Alastair Sooke is deputy art critic of the Daily Telegraph. He has written and presented documentaries on television and radio for the BBC, including Modern Masters, an acclaimed BBC One series that chronicled modern art in the twentieth century. Since 2009 he has reported regularly for The Culture Show on BBC Two. He was educated at Christ Church, Oxford, and at the Courtauld Institute of Art, London.

The Collins Big Book of Art-David G. Wilkins 2005-11-01 The one book your family needs to understand the world of art. A beautiful, unusual and engaging compendium of art history, providing an accessible entree into the world of art for everyone, regardless of their experience. From cave paintings to the Renaissance, Impressionism to Pop Art, The Collins Big Book of Art takes you on a journey through the history of art in a delightful and informative way. With more than 1200 works of art represented, this is both a coffee-table book and an educational experience; cross-referenced throughout, and including the following sections and features: A Chronology spans the history of art, step by step, from 38,000 BC to the present. Pieces from around the world are juxtaposed to place them in historical context. Each is labelled with date, country, title, artist, materials, size and current location. In addition, each piece of art is tied to its movement and key themes, which are pursued in greater detail in the other sections of the book. Turning Points, interspersed throughout the chronology, delve into both the major artistic movements and highlight the technical breakthroughs which changed how artists of the time worked, and affected how they saw the world. For example, the glass lens allowed more lifelike portraiture in the early Renaissance, the ability to put paint into tubes gave the Impressionists the freedom to work outdoors, and Freud's work in psychoanalysis had a major impact on Surrealism. The second part of the book explores
enduring Themes of art, taking a subject and showing how artists through the ages have depicted it. Various approaches to portraits and landscapes, allegory and religion, still life and abstraction are compared and contrasted, using carefully selected images to illuminate each point made. In addition, an extensive Reference section allows the reader to access information in numerous ways; the multiple indices include a glossary of terms, artists registry, index of museums, and more. With easy navigation and an engaging presentation of the material, The Collins Big Book of Art will inform, inspire, and entertain art enthusiasts at any level of understanding and appreciation.

The Long March of Pop-Thomas Crow 2015-01-06 A professor of Modern Art discusses the history of Pop Art, which began in the music of the 1930s and 1940s, expanded into the rise of folk art in the 50s and eventually filtered through the commercial sector and the counterculture in the 1960s.

Pop Art-Bradford Collins 2012-08-20 A study of the pop art era covers its philosophical, social, and political context along with an exploration of well- and lesser-known artists, including Andy Warhol, Roy Lichtenstein, Ed Ruscha, and Robert Indiana.

Pop to Popism-Wayne Tunnicliffe 2014 From the emergence of pop art in the 1950s through to its reinvented forms in the 1980s, this book explores the dynamic engagement of art with popular culture. Drawn from major public and private collections around the world, this book includes over 180 works by 77 artists including pivotal works by artists such as Lichtenstein, Warhol, Richter and Hockney. Beginning with early pop art in the United Kingdom, Europe and America, it proceeds through the key years of high or classic pop in the 1960s and early 1970s including a substantial Australian component and finishes with a new generation of artists who began exhibiting in the late 1970s with works dating up to 1986.

Double Lives in Art and Pop Music-Jorg Heiser 2019-07-20 Exploring the relationship between art and pop music over the
last fifty years.
