Laundry Love-Patric Richardson 2021-03-30 Patric Richardson, aka the "Laundry Evangelist,"
reveals his revolutionary methods for cleaning clothes—and making laundry loads more fun. Doing laundry is rarely anyone’s favorite task. But to Patric Richardson, laundry isn't just fun—it's a way of life. After years of running Laundry Camp at the Mall of America for thousands of eager learners, he's ready to share his tips, tricks, and hacks—bringing surprise and delight to this commonly dreaded chore. Sorting your laundry? It's not all about whites and darks. Pondering the wash cycles? Every load, even your delicates, should be washed using express or quick-wash on warm. Facing expensive dry cleaning bills? You'll learn how to wash everything—yes everything—at home. And those basically clean but smelly clothes? Richardson has a secret for freshening those too (hint: it involves vodka, not soap). Changing your relationship with laundry can also change your life. Richardson’s handy advice shows us how to save time and money (and the planet!) with our laundry—and he intersperses it all with a healthy dose of humor, real-life laundry stories, and lessons from his Appalachian upbringing and career in fashion. Laundry Love will make you wonder why you ever stressed about ironing, dry cleaning, or (god forbid) red wine spills on your new couch. No matter the issue, Richardson is here to help you make laundry miracles happen—wrinkles and stains be damned.

Al Capone Does My Shirts-Gennifer Choldenko 2006-04-20 The Newbery Honor Book and New York Times Bestseller that is historical fiction with a hint of mystery about living at Alcatraz not as a prisoner, but as a kid meeting some of the most famous criminals in our history. Al Capone Does My Shirts has become an instant classic for all kids to read! Today I moved to Alcatraz, a twelve-acre rock covered with cement, topped with bird turd and surrounded by water. I'm not the only kid who lives here. There are twenty-three other kids who live on the island because their dads work as guards or cooks or doctors or electricians for the prison, like my dad does. And then there are a ton
of murderers, rapists, hit men, con men, stickup men, embezzlers, connivers, burglars, kidnappers and maybe even an innocent man or two, though I doubt it. The convicts we have are the kind other prisons don't want. I never knew prisons could be picky, but I guess they can. You get to Alcatraz by being the worst of the worst. Unless you're me. I came here because my mother said I had to. Secret Cures of Slaves-Londa Schiebinger 2017-07-18 In the natural course of events, humans fall sick and die. The history of medicine bristles with attempts to find new and miraculous remedies, to work with and against nature to restore humans to health and well-being. In this book, Londa Schiebinger examines medicine and human experimentation in the Atlantic World, exploring the circulation of people, disease, plants, and knowledge between Europe, Africa, and the Americas. She traces the development of a colonial medical complex from the 1760s, when a robust experimental
culture emerged in the British and French West Indies, to the early 1800s, when debates raged about banning the slave trade and, eventually, slavery itself. Massive mortality among enslaved Africans and European planters, soldiers, and sailors fueled the search for new healing techniques. Amerindian, African, and European knowledges competed to cure diseases emerging from the collision of peoples on newly established, often poorly supplied, plantations. But not all knowledge was equal. Highlighting the violence and fear endemic to colonial struggles, Schiebinger explores aspects of African medicine that were not put to the test, such as Obeah and vodou. This book analyzes how and why specific knowledges were blocked, discredited, or held secret.

Prison Diaries-Denis MacShane 2014-08-17 Two days before Christmas 2013, former MP Denis MacShane entered one of Europe's harshest prisons. Having pleaded guilty to false accounting at the Old Bailey, he had been sentenced to six months in jail. Upon arrival at Belmarsh Prison, his books and personal possessions were confiscated and he was locked in a solitary cell for up to
twenty-three hours a day. Denis was the latest MP condemned to serve as an example in the wake of the expenses scandal. Written with scavenged pens and scraps of paper, this diary is a compelling account of his extraordinary experiences in Belmarsh and, later, Brixton. Recording the lives of his fellow prisoners, he discovers a humility and a willingness to admit mistakes that was conspicuously lacking in his former colleagues at the House of Commons. Woven into the narrative are thought-provoking reflections on a range of important topics, from the waning of public confidence in MPs and the high-profile termination of his own political career - to the failings of the British judicial system. Above all, Prison Diaries reveals what life as a prisoner in Britain is really like, addressing issues such as rising inmate numbers, dehumanising conditions, high incarceration rates, lack of rehabilitation and an endemic political disinterest. This honest and fascinating diary is both a first-hand insight into the current prison system and a report on how it simply does not work.
